

ess\_backend\_probe\_ex

```
graph LR; A[ess_backend_probe_ex] --> B[ess_backend_get_size]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box, labeled 'ess\_backend\_probe\_ex', has a light gray fill and a black border. The right box, labeled 'ess\_backend\_get\_size', has a white fill and a black border. A solid blue arrow points from the right side of the left box to the left side of the right box, indicating a directional relationship or call between the two components.
